

Jetstar Asia tonnage grows 25% in 2018 with ECS Group

Singapore, October 23, 2018 – In 2018, Jetstar Asia expects to carry more than 15 thousand tons, a 25% uplift increase year-over-year. Serviced by ECS Group under Total Cargo Management, the airline is fast becoming a key player in the South Asian cargo arena. Thanks to its partnership with ECS, Jetstar Asia works with all the big multinational forwarders as well as Express, Courier and Mail service providers.

With its fleet of A320, Jetstar Asia covers 30 destinations in South East and North Asia as well as Darwin in Australia from its hub in Singapore. It's market coverage, reliability, on-time performance and multiple frequencies to the main capitals are assets to its clients.

"With ECS's proven track record of managing Total Cargo Management on one hand and our strong partnership with Jetstar Asia on the other, Jetstar Asia has become a key regional player in the South East and North Asian airfreight market over the last two years." said François PARISEAU, Managing Director in Singapore.

Having increased its uplift by more than 25% in 2018 has required dedication from all the stakeholders. Adrien THOMINET, CEO of ECS Group, welcomes this achievement: *"We couldn't be more satisfied with the tonnage increase and the place Jetstar Asia has taken in the Asian cargo market. Working with such a dynamic airline is really exciting. This is a great partnership and we are very delighted to represent Jetstar Asia and to contribute to their growth."*

ABOUT ECS GROUP

ECS Group is the world leader in GSSA business, serving airlines. Representing hundreds of companies in over 47 countries through its 147 offices, ECS group knows it can count on its 1034 employees around the world to offer high quality service tailored to each of its partners.
