

Air Europa strengthens its presence in Scandinavia alongside Nordic GSA

Stockholm, 5 July 2019 – After several months of partnership with Nordic GSA in Sweden, Spanish airline Air Europa has just awarded its partner a GSSA contract covering Finland and Norway.

“It’s always extremely rewarding when an airline wants to take an existing partnership further. It’s proof that our work is recognized and above all that we live up to the airline’s expectations. That’s the greatest reward, and we’re very proud of it.” explained Jonas Drewsen, Chairman of Nordic GSA.

The Nordic GSA teams can truly relish this next step in their partnership with the airline, and all the more so because the GSA is the first to represent Air Europa on the Scandinavian market.

Following the launch of freight capacity marketing on 1 June between Stockholm (ARN) and Amsterdam (AMS), Nordic GSA plans to develop and maximize the Spanish airline’s revenue, in particular through their respective complementary networks. Air Europa serves more than 80 destinations around the globe, while Nordic GSA, as an ECS Group subsidiary, benefits from an exceptional sales network thanks to the group’s 151 offices worldwide. Europe, South America and the United States are therefore set to be the main markets targeted.

ABOUT ECS GROUP

ECS Group is the world leader in GSSA business, serving airlines. Representing hundreds of companies in over 48 countries through its 151 offices, ECS group knows it can count on its 1106 employees around the world to offer high quality service tailored to each of its partners. Thanks to this ever-increasing network, this year ECS Group has carried over 1,183,000 tons on behalf of the airlines it represents and, in this way, contributes to their growth and development on the international stage, in the air cargo sector. ECS Group has received many awards from its peers and is the favoured partner and go-to GSSA in the cargo industry.
